Subject: VTA Light Rail Property Release Request for RHV

Katherine:

Attached is a property release request that VTA put together for a sliver of property at the Reid-Hillview Airport. The property is necessary for their light rail extensions that will run along the border of Reid-Hillview. I have attached the file as a link, because it's size will likely be rejected by your email system. If you would like a paper copy let me know and I will put one in the mail to you right away. Please review and provide any comments. Let me know if you have any questions.

Eric Peterson
RHV & E16
