

AFFIRMATIVE CLINICAL PRACTICES WITH LGBTQ+ POPULATIONS

Course Content:

This training will focus on providing foundational knowledge to conduct culturally competent behavioral health practice with LGBTQ+ populations. The training covers foundational knowledge, clinical approaches, relevant theory and research about LGBTQ+ populations and sub-populations, and identity development pathways over the lifespan. The information in this training builds on participants' prerequisite familiarity with basic terminology and concepts to prepare them to work effectively with the clinical issues presented by LGBTQ+ people.

DATE:

March 4 or May 1, 2024

TIME:

9:00am - 4:30pm

LOCATION:

Zoom

Login details to be provided. *Full visual (webcam) and audio participation required.*

OUR TRAININGS ARE FREE!

AUDIENCE: Santa Clara County Behavioral Health Services and contracted agency staff

6 CEs are available!

(ONE HOUR LUNCH AND TWO 15 MINUTE BREAKS NOT INCLUDED IN CE TIME)

REGISTER ONLINE at:
sccLearn.sccgov.org

Learning Objectives:

1. Identify 2 behavioral health disparities between LGBTQ+ populations and heterosexual and cisgender populations
2. Identify 1 specific role that a behavioral health clinician has in supporting access to gender affirming interventions
3. List 3 components of the minority stress model
4. Identify at least 2 unique stressors facing specific populations within LGBTQ+ communities
5. Identify 3 examples of presenting problems that LGBTQ+ clients may bring to clinical work

If you have questions, need accommodations, or have a grievance, please contact LPTraining@hhs.sccgov.org

CE Certificates will be available to download in sccLearn 2-3 weeks after the training date.

Registration and cancellation close at 9am two working days prior to training. You will be recorded as a No-Show in sccLearn if you don't attend and did not cancel the training.
