## General Disclosures

Valley Health Plan (VHP) Members have prescription drug coverage. VHP contracts with Navitus Health Solutions, a pharmacy benefit management (PBM) company to administer the prescription drug benefit and process claims. This document supplements your Combined Evidence of Coverage and Disclosure Form (EOC) handbook. Under this supplemental Outpatient Prescription Drug Benefit document, a member may receive the benefits described below, subject to all terms, conditions, exclusions, and limitations described in the EOC.

The presence of a prescription drug on the Formulary does not guarantee you will be prescribed that particular drug by your prescriber for a particular medical condition. Your prescribing provider will choose the appropriate therapy based upon medical necessity. Except for certain mandatory specialty prescriptions, a member may get covered outpatient prescription drug benefits from any Plan Pharmacy. Only prescription(s) for emergent or urgent care services will be covered at an out-of-network pharmacy when a Plan Pharmacy is not available, and reimbursement will be subject to Plan approval.

Visit [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) or call VHP Member Services at **1.888.421.8444 (toll-free)** to find a list of Plan Pharmacies. Members should always present their VHP ID card to the Plan Pharmacy.

Ask the pharmacy staff to let you know if something is not covered. A copay/coinsurance may be charged for covered benefits as listed in your EOC. If the retail price for a prescription drug is less than your copayment, the retail price should be charged.

This formulary is subject to change and all previous versions of the formulary no longer apply. All previous effective versions of the formulary should be discarded. For an electronic version of the formulary, or questions about the drug formulary, visit [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) or call VHP Member Services at 1.888.421.8444 (toll-free).

## Pharmacy Member Portal

Members have access to an online portal to view important Outpatient Drug Benefit information. Register at <http://www.valleyhealthplan.org/members/pharmacy> to get a User ID and password to access the following information:

## Drug Formulary

VHP uses a drug formulary (list of covered drugs). Visit [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) to view the VHP Drug Formulary or call VHP Member Services at **1.888.421.8444 (toll-free)** to ask for a printed copy.

- For Employer Group members, select the "Employer Group Formulary"

The VHP Drug Formulary is the list of prescription drugs that has been reviewed and selected by VHP Plan Providers on the VHP P&T Committee using professionally-recognized medical standards for medical, safety, and cost effectiveness. The formulary includes both FDA approved brand name and generic drugs. A generic drug is identical, or bioequivalent, to a brand name drug in dosage, form, safety, strength, route of administration, quality, performance characteristics, and intended use. Drugs listed in the Formulary are covered as long as the drug specific coverage criteria are met, the prescription is filled at a network pharmacy, and other plan rules are followed.

The Formulary is updated monthly with any changes and quarterly after each VHP Pharmacy & Therapeutics (P&T) Committee meeting (See P&T Employer Group Formulary Updates: online Member portal Pharmacy documents). The Committee members are actively practicing physicians, pharmacists from various specialties. The P&T Committee frequently consults with other physician subject matter experts to provide additional input to the Committee. A list of P&T formulary updates from the quarterly VHP P&T Committee meeting is available on the VHP website [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) or by calling VHP Member Services at **1.888.421.8444 (toll-free)**.

## Definitions of Terms Used Here:

**Brand Name Drug** - is a drug that is marketed under a proprietary, trademark protected name. The brand name drug shall be listed in all CAPITAL letters.

**Ccoinsurance** - is a percentage of the cost of a covered health care benefit that an enrollee pays after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

**Copayment** - is a fixed dollar amount that an enrollee pays for a covered health care benefit after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

**Deductible** - is the amount an enrollee pays for covered health care benefits before the enrollee's health plan begins payment for all or part of the cost of the health care benefit under the terms of the policy.

**Drug Tier** - is a group of prescription drugs that corresponds to a specified cost sharing tier in the health plan's prescription drug coverage. The tier in which a prescription drug is placed determines the enrollee's portion of the cost for the drug.

**Enrollee** - is a person enrolled in a health plan who is entitled to receive services from the plan. All references to enrollees in this formulary shall also include subscriber as defined in this section below.

**Exception Request** - is a request for coverage of a prescription drug. If an enrollee, his or her designee or prescribing health care provider submits an exception request for coverage of a prescription drug, the health plan must cover the prescription drug when the drug is determined to be medically necessary to treat the enrollee's condition.

**Exigent Circumstances** - are when an enrollee is suffering from a health condition that may seriously jeopardize the enrollee's life, health, or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a non-formulary drug.

**Formulary** - is the complete list of drugs preferred for use and eligible for coverage under a health plan product, and includes all drugs covered under the outpatient prescription drug benefit of the health plan product. Formulary is also known as a prescription drug list.

**Generic Drug** - is the same drug as its brand name equivalent in dosage, safety, strength, how it is taken, quality, performance, and intended use. A generic drug is listed in bold and italicized lowercase letters.

**Non-Formulary Drug** - is a prescription drug that is not listed on the health plan's formulary.

**Out-of-Pocket Cost** - are copayments, coinsurance, and the applicable deductible, plus all costs for health care services that are not covered by the health plan.

**Prescribing Provider** - a health care provider authorized to write a prescription to treat a medical condition for a health plan enrollee.

**Prescription** -is an oral, written, or electronic order by a prescribing provider for a specific enrollee that contains the name of the prescription drug, the quantity of the prescribed drug, the date of issue, the name and contact information of the prescribing provider, the signature of the prescribing provider if the prescription is in writing, and if requested by the enrollee, the medical condition or purpose for which the drug is being prescribed.

**Prescription Drug** - is a drug that is prescribed by the enrollee's prescribing provider and requires a prescription under applicable law.

**Prior Authorization** - is a health plan's requirement that the enrollee or the enrollee's prescribing provider obtain the health plan's authorization for a prescription drug before the health plan will cover the drug.

The health plan shall grant a prior authorization when it is medically necessary for the enrollee to obtain the drug.

**Step Therapy** - is a process specifying the sequence in which different prescription drugs for a given medical condition and medically appropriate for a particular patient are prescribed. The health plan may require the enrollee to try one or more drugs to treat the enrollee's medical condition before the health plan will cover a particular drug for the condition pursuant to a step therapy request. If the enrollee's prescribing provider submits a request for step therapy exception, the health plans shall make exceptions to step therapy when the criteria is met.

**Subscriber** - means the person who is responsible for payment to a plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan.

## How Do I Use the Formulary?

Each prescription drug may be located by looking up the therapeutic category and class of the drug or the BRAND or **generic** name of the drug in the alphabetical index. If a generic equivalent for a brand name drug is not available or is not covered, the drug will not be separately listed by its generic name.

There are two ways you can find your drug within the VHP Formulary by:

**1. Therapeutic Drug Category and Class:** Under the therapeutic category and drug class, each drug is listed alphabetically by its brand and generic names in the therapeutic category and class to which it belongs. The generic name of a brand name drug is included after the brand name in parenthesis and in all **bold and italicized** lowercase letters. If a generic equivalent for a brand name drug is available, and both the brand name and generic equivalents are covered, the generic drug will be listed separately from the brand name drug in all **bold and italicized** lowercase letters; and in the event a generic drug is marketed under a proprietary, trademark protected brand name, the brand name will be listed after the generic name in parentheses and regular typeface with first letter of each word capitalized.

**Example:** ANTICOAGULANTS  
HEPARINS AND HEPARINOID-LIKE AGENTS

Drug Name	Drug Tier	Requirements/Limits
<b>enoxaparin inj</b> 100MG/ML, 120MG/0.8ML, 150MG/ML, 300MG/3ML, 30MG/0.3ML, 40MG/0.4ML, 60MG/0.6ML, 80MG/0.8ML	<b>1</b>	QL= 17 days supply
FRAGMIN INJ 10000UNIT/ML, 12500UNIT/0.5ML, 15000UNIT/0.6ML, 18000UN- T/0.72ML, 2500UNIT/0.2ML, 5000UNIT/0.2ML, 7500UNIT/0.3ML, 95000UNIT/3.8ML <b>(dalteparin sodium)</b>	<b>2</b>	-

From the above example:

**Generic Drug:**

- enoxaparin inj

**Brand Drug:**

- FRAGMIN INJ (dalteparin sodium)

**Alphabetical Index:** The covered brand or generic drug names are listed in alphabetical order. You can look at the index to find your drug, which will provide the page number where you will find current coverage information.

## Formulary Changes

The formulary can change when a new drug, new generic, or new formulation is available. Formulary changes may result in changes to your prescription such as change in dispensed brand, cost-sharing tier, or restrictions governing use.

The FDA has strict standards for identity, strength, quality, purity, and potency before approving a generic drug. When available, the pharmacy is required to switch a brand name drug to the equal generic drug. A generic drug is identical, or bioequivalent, to a brand name drug in dosage, form, safety, strength, route of administration, quality, performance characteristics, and intended use.

If the prescriber believes a member needs the brand name drug, they must send the PBM a Prescription Drug Prior Authorization or Step Therapy Exception Request form as well as attestation the FDA MedWatch form was submitted to the FDA. If the brand name drug is determined to be medically necessary, the member will be able to get the drug.

If new adverse information about the safety or effectiveness of a drug is released, this can affect the formulary status. If VHP makes a negative change to the status of a formulary drug, including change in drug or dosage form, tier placement resulting in an increase in cost share, add utilization management restriction, the plan will notify affected members and providers. If VHP removes the drug from formulary, VHP will offer a formulary alternative(s) and will allow for at least 60 days of coverage before the change becomes effective. If the FDA recalls a drug on the formulary due to safety concern, VHP will remove the drug from the formulary and send notice to affected members and providers. To get updated information about the drugs that are covered by VHP, please visit our website [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) or call VHP Member Services at **1.888.421.8444 (toll-free)**.

## Prescription Drug Prior Authorization (PA) and Non-Formulary Drugs

When a drug is on the Formulary with PA abbreviated under the column Special Code or the drug is not on the Formulary, your provider must fill out a Prescription Drug Prior Authorization or Step Therapy Exception Request form.

A member can ask for a Prescription Drug Prior Authorization or Step Therapy Exception Request to be sent to the provider by:

- Contacting VHP Member Services, or its designee, at [MemberServices@vhp.sccgov.org](mailto:MemberServices@vhp.sccgov.org) or **1.888.421.8444 (toll-free)**; or
- Logging on to the pharmacy member portal at [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) and filling out an online request.

The prescriber must completely fill out the Prescription Drug Prior Authorization or Step Therapy Exception Request form with information that supports the request for a drug not on formulary and submit to the PBM. The form will be reviewed and approved based on established medical criteria and/or medical necessity and the member and provider will

receive communication with the decision.

- If a drug had previously been approved for coverage for treatment of a member's medical condition, and the member's provider continues to prescribe the drug for the medical condition, provided the drug is appropriately prescribed, is safe, and effective therapy, the drug will continue to be covered. This does not preclude your prescriber from prescribing the alternative formulary drug.
- The Prescription Drug Prior Authorization or Step Therapy Exception Request form request will be turned around within 72 hours for nonurgent requests, and within 24 hours if exigent circumstances exist, upon receipt of a completed prior authorization request from a prescribing provider.
- If the Plan fails to respond to a completed Prescription Drug Prior Authorization or Step Therapy Exception Request within 72 hours of receiving of a nonurgent request and 24 hours of receiving an exigent request, the request shall be granted for the duration of the prescription including refills.
- If the Plan approves the Non-formulary drug, the drug would be approved as follows:
  - Non-formulary generic drugs are Tier 1
  - Non-formulary brand drugs are Tier 2

## Step Therapy (ST) Program

Selected formulary drugs require step therapy (ST). This means that a Member must try an alternative clinically equivalent formulary drug(s) first. VHP P&T Committee selects all drugs required for step therapy. There may be a situation where it may be medically necessary for a Member to receive certain medications without first trying an alternative drug. Some instances that may qualify for Step Therapy Exception include but not limited to the following: negative reaction, not clinically appropriate, or stable on prescription drug from a previous health coverage. In these instances, your Provider may request a Prescription Drug Prior Authorization or Step Therapy Exception Request form by contacting Navitus Customer Service or prescribe another formulary drug that is medically appropriate. The list of formulary drugs with step therapy can be changed by Valley Health Plan's P&T Committee. An updated list of the formulary drugs with step therapy is available at [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) or by calling VHP Member Services at **1.888.421.8444 (toll-free)**.

## Quantity Limitation (QL) Program

Because of potential safety and utilization concerns, VHP has placed quantity limitations on some prescription drugs. Members are covered for up to the amount posted in the VHP Drug Formulary based on recognized standards of care and FDA-approved dosing guidelines. If a prescriber believes it is necessary to prescribe more than the QL amount posted on the list, he or she must submit a Prescription Drug Prior Authorization or Step Therapy Exception Request form to VHP's PBM. A list of covered drugs with QL is available at [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) or by calling VHP Member Services at **1.888.421.8444 (toll-free)**.

## Vacation Supply

If your medication is due to be refilled while you are on vacation, you can have it filled at one of VHP's participating pharmacies nationwide. You may also be able to call us and request an early refill authorization at your regular pharmacy which will allow you to pick up your prescription before you leave town. To request an early refill authorization, please call the number on the back of your member ID card. If you use our mail order pharmacy, you can also request your refill be shipped to a different address while you are traveling.

## Lost or Misplaced Medications

You may be financially responsible for lost or misplaced medications. The Pharmacy Benefits Manager (PBM) or pharmacist will advise you of all charges. For more pharmacy information, visit [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) or call VHP Member Services at **1.888.421.8444 (toll-free)**.

## How to Dispute This Determination

### **External Exception Requests**

You, your designee, or your prescribing physician (or other physician) may request for the original exception request and the subsequent denial of such request to be reviewed by an independent review organization. This process is called an "external exception request review." If you would like an external exception request review to be performed, contact Valley Health Plan Member Services at 1.888.421-8444 (toll-free) or by email at [memberservices@vhp.sccgov.org](mailto:memberservices@vhp.sccgov.org). Valley Health Plan must make its determination to authorize an external exception request to be reviewed by an independent review organization and notify you or your designee and the prescribing physician (or other prescriber, as appropriate).

If the original request was a standard exception request, we will make our determination to authorize an external exception request to be reviewed by an independent review organization no later than 72 hours following the receipt of the request. If the original request was an expedited exception request, we will make our determination to authorize an external exception request to be reviewed by an independent review organization no later than 24 hours following the receipt of the request.

If you believe that this determination is not correct you have the right to appeal the decision by filing a grievance with your health plan. Your health plan requests that you submit your grievance within 180 days from the postmark date of this notice. You or someone you designate (your authorized representative) may submit your grievance verbally or in writing. You can call your health plan at the numbers listed below to learn how to name your authorized representative.

### **There are two types of grievances: Standard and Expedited**

- 1. Standard Grievance Process:** A standard grievance will be resolved within 30 days. Your health plan will notify you in writing of the decision within 30 calendar

days of receiving your grievance.

- 2. Expedited 72 Hour Grievance Process:** Your health plan makes every effort to resolve your grievance as quickly as possible. In some cases, you have the right to an expedited grievance when a delay in the decision making might pose an imminent and serious threat to your health, including but not limited to severe pain, potential loss of life, limb, major bodily function, or the normal time frame for the decision making process would be detrimental to your life, or health or could jeopardize your ability to regain maximum function. If you request an expedited grievance, your health plan will evaluate your grievance and health condition to determine if your grievance qualifies as expedited. If your grievance qualifies as expedited, it will be resolved within 72 hours. If not, your grievance will be resolved within the standard 30 days.

### **Submitting Your Grievance**

Please submit a copy of your denial notice and a brief explanation of your situation, and/or other relevant information to your health plan. Your health plan will document and process your standard or expedited grievance and provide you with written notification of the decision. You may write, call, or fax your grievance to your health plan (see the health plan address, telephone, and fax numbers listed at the end of this letter).

If you feel Valley Health Plan has not addressed your issues, you may also contact the Department of Managed Health Care (DMHC). Section 1368.02 of the California Health and Safety Code requires the following notice.

### **DMHC Consumer Help-Line**

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **1.888.421.8444 (toll-free)** and use your Health Plan's grievance process before contacting the Department. For the hearing and speech impaired, call the California Relay Service (CRS) by simply dialing 711 or the 800 CRS number of your modality. Utilizing this Grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance.

You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment dispute for emergency or urgent medical services.

The department also has a toll-free telephone number **1.888.466.2219** and a TDD line **1.877.688.9891** for the hearing and speech impaired. The Department's internet website [www.dmc.ca.gov](http://www.dmc.ca.gov) has complaint forms, IMR application forms, and instructions online.

### Drugs Covered under the Medical Benefit vs the Outpatient Prescription Drug Benefit

Drugs that are self-administered are covered under the enrollee's outpatient prescription drug benefit. These drugs can be found in the formulary. Drugs that are required to be given in a physician's office or outpatient infusion center are covered under the enrollee's medical benefit. Drugs covered under the medical benefit will follow guidelines approved by the Plan. All prior authorization request must be submitted through the Plan's Authorization System.

In some instances, drugs given at the physician's office or outpatient infusion center, may be covered under the Outpatient Prescription Drug Benefit, refer to the Formulary for up to date coverage. In the case that the drugs given at the physician's office or outpatient infusion center, is covered under the Outpatient Prescription Drug Benefit, the drug can be obtained through the Mandatory Specialty Pharmacy and sent to the physician's office or outpatient infusion center directly. An out of pocket cost may apply as described by your Summary of Benefits and Coverage (SBC), for more details see Copays and Deductible section.

### Copays and Deductibles

Copays apply to formulary drugs prescribed by an authorized prescriber and dispensed by a Plan Pharmacy. Please see your Summary of Benefits and Coverage (SBC) for the copay amount for each tier.

<b>Plan Retail Pharmacy</b>	<b>30 Day Supply</b>
Tier 0 Retail	0 Copay
Tier 1 Retail	0 Copay
Tier 2 Retail	0 Copay

<b>Costco Mail Service Pharmacy</b>	<b>30 Day Supply</b>
Tier 0 Mail	0 Copay
Tier 1 Mail	0 Copay
Tier 2 Mail	0 Copay

Some benefit plans have a deductible that applies to a covered prescription brand name or an overall deductible that is combined between medical care and covered prescription drugs. If the benefit plan includes a deductible, the member is responsible for paying all costs to meet the deductible each calendar year. Once the deductible is met, VHP will cover the prescription drugs at the applicable copayment.

The total amount of copayments and coinsurance an enrollee is required to pay shall not exceed two hundred and fifty dollars (\$250) for an individual prescription of up to a 30-day supply of a prescribed orally administered anticancer medication covered under the Plan's formulary as applicable under your Plan's copay and deductibles.

## Maintenance Drug

A maintenance drug is prescribed for a serious chronic illness or condition. The pharmacy can dispense up to a 90-day supply for formulary drugs that are listed on the Maintenance Drug List. For members starting a new brand maintenance drug, for the first fill the member can get a 30 day supply. For additional refills, the member can get up to a 90 day supply.

You can find the list at [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) or by calling VHP Member Services at **1.888.421.8444 (toll-free)**.

Not all drugs on the Maintenance Drug List may be covered on the Drug Formulary. Always refer to the formulary for a list of current covered drugs. Members can get the maintenance drug through the Plan Pharmacy or Plan mail service pharmacy administered by Costco.

## Pharmacy Network

Members must get prescription drugs from a VHP Plan Pharmacy, including nationwide Walgreens, Safeway, Albertsons, local Valley Health Center Pharmacies (VHC), and independent pharmacies in California. For a complete list of contracted pharmacies, please visit [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) or call VHP Member Services at **1.888.421.8444 (toll-free)**.

## Mail Order Pharmacy Prescription Drug Program

Members have the choice to get maintenance drugs for serious chronic conditions or long term medical conditions through the mail service pharmacy administered by Costco. Tier 4 drugs are not available through this program.

To use this program you must get a new prescription for each drug that allows up to a 90-day supply.

How do I Renew or start a new prescription?

## Mandatory Specialty Pharmacy (MSP) Drugs

Certain specialty formulary drugs are classified as MSP drugs by the VHP P&T Committee and must be provided exclusively through Santa Clara Valley Medical Center (SCVMC) Specialty Pharmacy or Lumicera Specialty Pharmacy. MSP drugs may require specialized delivery and administration on an ongoing basis. They are often for chronic conditions and involve complex care issues that need to be managed.

VHP has partnered with SCVMC Specialty Pharmacy and Lumicera Specialty Pharmacy to supply MSP drugs for our members. These specialty pharmacies have a dedicated team of pharmacists, specialty technicians, patient care coordinators and/or nurses available to answer all of your therapy and drug support needs. The SCVMC Specialty Pharmacy and Lumicera Specialty team work in cooperation with your prescribers to coordinate your care for optimal outcomes. At SCVMC Specialty Pharmacy, members have the option of walking in to SCVMC Pharmacy, its VHC affiliates, or have the drug delivered to the member's home, office, etc. At Lumicera, MSP drugs are dispensed through a mandatory mail order program, using free, discreet, delivery to the member's home, office, or other location. Specialty drugs are available for a maximum of a 30-day supply.

For a list of MSP drugs, please visit [www.valleyhealthplan.org/members/pharmacy](http://www.valleyhealthplan.org/members/pharmacy) or call VHP Member Services at **1.888.421.8444 (toll-free)**.

## Direct Member Reimbursement (DMR)

When preparing for travel, it is important to get any care, such as routine prescriptions for serious chronic conditions, before leaving the Network Service Area.

In an emergency, where a Plan Pharmacy cannot be reached, a reimbursement for prescriptions that have been filled and paid for can be requested. A claim form must be completed for review and approval under the guidelines of the EOC. Claim forms are available online at [www.valleyhealthplan.org/members/forms-and-resources](http://www.valleyhealthplan.org/members/forms-and-resources) or by calling VHP Member Services at **1.888.421.8444 (toll-free)**.

## Discrimination is Against the Law

Valley Health Plan (VHP) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, religion, disability, sex, sexual orientation, gender identity, gender expression, or any other classification prohibited by state or federal laws. VHP does not exclude people or treat them differently because of race, color, national origin, age, religion, disability, sex, sexual orientation, gender identity, gender expression, or any other classification prohibited by state or federal laws.

Valley Health Plan:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact VHP Member Service Department.

If you believe that VHP has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, religion, disability, sex, sexual orientation, gender identity, gender expression, or any other classification prohibited by state or federal laws, you can file a grievance with:
