

In an effort to reduce health care costs and give members tools to stay healthy and productive, below are the medications and supplies included on the Extended Day Supply list. These products are generally used chronically (greater than 30 days) to treat or prevent a condition. Plan specific benefit rules apply on the use of this list to either require an extended day supply or allow an extended day supply.

In the list below, generic drugs are shown in lowercase type. Brand name drugs are shown in uppercase type
