**PCE - ORDER OF OPERATIONS FOR OVERLAPPING
SERVICE PROGRAMS IN AN ADMISSION PROGRAM**

07/15/2022

PCE – ADMISSION/DISCHARGE OVERLAP

If a client is admitted into 2 service programs at the same time, but those programs fall under the same admission program in PCNX, the admission and discharge dates would be submitted in chronological order.

SCENARIO #1

1. Admitted to the **921 S. 1st – Rise** on 07/12/2021
2. Admitted to **Wool Creek – F&C OPC** on 07/28/2021.
3. Discharged from **921 S. 1st – Rise** on 08/01/2021 (after Wool Creek – F&C OPC admission date)
4. Discharged from **Wool Creek – F&C OPC** on 08/30/2021.

Admission Program	Service Program	Admission Date	Discharge Date
<u>yMH</u> CCSCC - MH	<u>yMH</u> CCSCC 921 S 1ST - RISE	07/12/2021 1	08/01/2021 3
<u>yMH</u> CCSCC - MH	<u>yMH</u> CCSCC Wool Creek – F&C OPC	07/28/2021 2	08/30/2021 4

SCENARIO #1

Since there is an overlap in service programs under the same admission program (**yMH CCSCC – MH**) in PCNX only the earliest admission date 07/12/2022 and latest discharge date 08/30/2022 would be shown.

County's myAvatar/PCNX registers that both admissions were submitted, but only the earliest admission date would be shown in county's myAvatar/PCNX.

When submitting the discharges, the first discharge would register in the system, but the system recognizes that there are 2 admissions, so it would not show the first discharge, but only shows the latest discharge when that gets submitted.

Admit Date	Discharge Date	Program
07/12/2021	08/30/2021	yMH CCSCC - MH

SCENARIO #2

1. Admitted to the **921 S. 1st – Rise** on 07/12/2021
2. Admitted to **Wool Creek – F&C OPC** on 07/28/2021
3. Discharged from **Wool Creek – F&C OPC** on 08/01/2021
4. Discharged from **921 S. 1st – Rise** on 08/30/2021

Admission Program	Service Program	Admission Date	Discharge Date
yMH CCSCC - MH	yMH CCSCC 921 S 1ST - RISE	07/12/2021 1	08/30/2021 4
yMH CCSCC - MH	yMH CCSCC Wool Creek – F&C OPC	07/28/2021 2	08/01/2021 3

SCENARIO #2

Since the admit date and discharge date for **yMH CCSCC Wool Creek – F&C OPC** falls between the admit date and discharge date for **yMH CCSCC 921 S. 1st – Rise**, you will only see the admit and discharge dates of **yMH CCSCC 921 S. 1st – Rise** in PCNX. That is the earliest admit date and latest discharge date.

Admit Date	Discharge Date	Program
07/12/2021	08/30/2021	yMH CCSCC - MH

DIAGNOSIS

When submitting a second service program admission under the same admission program, the second service program admission would not show up in PCNX, but the diagnosis of the second service program would show in PCNX.

Date Of Diagnosis	Type Of Diagnosis	Time Of Diagnosis	Primary Diagnosis
07/12/2021	Admission	11:26 AM	(F31.81) Bipolar II disorder
07/28/2021	Admission	11:24 AM	(F31.81) Bipolar II disorder

DIAGNOSIS

If the diagnosis for the second service program is different from the first primary diagnosis, the system will recognize the most recent diagnosis as the primary diagnosis. In this example, it would take F32.9 Major depressive disorder as the primary.
