COMPLAINANTS

V.

**COUNTY OF SANTA CLARA,
CALIFORNIA,**

RESPONDENT

FAA Docket No. 16-22-08

NOTICE OF EXTENSION OF TIME

On November 14, 2022, Counsel for the County of Santa Clara (County) filed a Motion for an Extension of Time to Respond to the Complaint filed by the Aircraft Owners and Pilots Association (AOPA), et al. pursuant to 14 CFR § 16.19(e). The Motion requested that the County's time in which to file its response to the Complaint be extended until January 13, 2023.

The County raises three points to support the Motion; first, the County maintains that it is in active negotiations with the Federal Aviation Administration (FAA) that could moot some or all the issues raised in the Complaint. The County notes that it received a new draft of a memorandum of understanding (MOU) from the FAA on October 28th that addresses issues raised in the Complaint. Secondly, the County states that preparation of a pleading before its desired extension date of January 13, 2023, would be difficult due to prior commitments by counsel. Lastly, the County argues that a short delay will not prejudice the Complainants.

The Complainants filed their opposition to the Motion for extension of time on November 17, 2022. In the interest of compromise, the County is hereby granted a 30-day extension, through and including December 29, 2022, to file its response to the Complaint.
