

Please consider any future development around the airport as to how it will make the airport a pride and centerpiece of this community. Like "Transit Oriented Development" around public transit nodes. Consider "Airport Oriented Development" around the airport. ~~the~~ ~~to~~

For example, within the scope of this business plan, develop the Swift Avenue corner property as an airport-connected fly in destination restaurant and new terminal building with a bridge/people mover to Eastridge and bus/light rail/EROT station. Find developers who "get" airport oriented development.
