

# Intern & Earn Newsletter

## FOR INTERNS, BY INTERNS

Created by: Emily Valenzuela, Viridiana Galvez, Sarah Stickell, and Alicia Cordova

### ABOUT US

Our interns have dedicated their time to further their skills in the workforce. As they explore options and different areas of work, they are each finding their passion through the Intern & Earn Program. We welcome more interns on our team as we offer it year round. Feel free to reach out to an Employment Counselor if you are interested in exploring job opportunities. Our team ensures that you have as much support as you can to be successful.
