

## MISSION

The mission of the Peer Intern Program is to provide training opportunities for consumers and family members in support of their entry/re-entry into the workforce.

## VISION

Our vision is that interns will successfully complete their internship training, develop knowledge, skills and self-care tools necessary to manage employment, stay healthy and obtain permanent employment in the mental health field.

## LEARNING PARTNERSHIP

# PEER INTERN PROGRAM

## LEARNING PARTNERSHIP

1075 E. Santa Clara St., 2nd Floor

County of Santa Clara  
Behavioral Health Services

## WORKFORCE

### PROGRAM

This program provides training in a variety of areas to develop both the knowledge and skill-base of the intern.

Trainings include:

- Peer Support
- Group Facilitation
- Program Development
- Clerical/Computer Skills
- Community Outreach
- Information and Referral

## EDUCATION AND

The Peer Intern Program Provides an opportunity for consumers and family members to receive valuable work experience and training in a supportive environment.

The 12-month internship program provides placement into a variety of programs within the Behavioral Health Services Department. We provide trainings to develop skills and supervision to maximize a successful entry/re-entry into the workforce.

## TRAINING!
