

County of Santa Clara Emergency Medical Services System

Policy #504:
County EMS Communications System

COUNTY EMS COMMUNICATIONS SYSTEM

Effective: October 15, 2012
Replaces: January 22, 2007
Review: November 2015

Resources:

EMS Communications System Guide
Hospital Radio Reports
Internet Based EMS Communications Systems (EMResource)

I. Purpose

To establish standards and provide guidelines for the use of the County EMS Communication System and to identify those persons and agencies authorized to access the system.

II. Procedure

Prehospital care providers within the Santa Clara County EMS System will utilize established standards and guidelines identified within Prehospital Care Policy and the EMS Communications System Guide.
