# How to use the VTA SmartPass Program

## What you need to know about the VTA SmartPass Program

Tired of having to drive in traffic? Don't miss out on **FREE** transit rides that can be used whenever you need them! The SmartPass Program can be accessed using your Clipper Card, an all-in-one transit card for the Bay Area.

The Clipper Card will allow an employee unlimited trips on all VTA-operated bus and light rail service, **except** VTA Express Bus service.

The Clipper Card is specifically assigned to each employee and allows **unlimited use** on the VTA's non-express buses and light rail systems as long as you are employed with the County of Santa Clara. The County will not receive any specific information regarding employee utilization or travel.

**Don't let this \$990 value go to waste!**

When using the SmartPass Program, remember to carry your County identification with you and tag your card prior to boarding.

**The Clipper Card is non-transferable.** Each pass has a unique number which is assigned and tracked to each employee. This card can only be used by the employee to whom the card is issued and cannot be **shared** with or **sold** to someone else. Unauthorized use of a County-issued Clipper Card may result in disciplinary action.

Lost or stolen Clipper Cards will be replaced at no charge no more than one-time per calendar year.

If your card is lost, stolen or you need a replacement please contact the Employee Benefits Department at [benefits@esa.sccgov.org](mailto:benefits@esa.sccgov.org).
