COUNTY OF SANTA CLARA PROPERTY TAXES

GENERAL INFORMATION

Property Taxes--Secured and Unsecured

The County, cities, schools, and other local taxing agencies derive a portion of their revenue from property taxes. Property taxes are levied on land, improvements, and personal property under legal authority from California Codes. Improvements include structures, fixtures, and fences that are erected or fixed to the land. Land and improvements are defined as secured property or real property. Secured property taxes are levied on secured (real) property. Personal property includes property that is not included in land and in improvements, and therefore, not secured by real estate. It is also called unsecured property. Examples are boats, airplanes, and business use property such as furniture, machinery, and equipment. The tax rate applied to unsecured property is the same rate that was applied to secured property in the prior year.

Valuation

Annually, the County Assessor values all property on the local roll as of January 1. The value of each parcel is the value of real property as shown on the County Fiscal Year 1975-1976 tax bill under "full cash" value, or the assessed (fair market value) of real property when there has been a change in ownership or there has been new construction after the 1975 assessment. In addition, the assessed value increases each year by an inflationary rate not to exceed the percentage change for the California Consumer Price Index (CPI), or 2%, whichever is less.

Tax Charge

By law the tax rate is limited to 1% of the assessed value plus amounts required for the payment of principal and interest on voter approved bond indebtedness. For example, if there is voter approved bond indebtedness of 0.25%, the tax rate on the parcel would be 1.25% or \$1.25 for each hundred dollars of assessed valuation of the parcel. Upon application certain property or portions thereof may be exempted from taxation. Examples of these exemptions are the homeowners' exemption, veterans' exemption, and exemption if hospitals, churches, and charitable organizations own the property.

Tax Rate Areas

The County is divided into tax rate areas determined by the varying boundaries of cities, schools, and special districts. Property in different tax rate areas may be subject to different tax rates from voter approved bond indebtedness. The first two digits of each tax rate area identify the area in which the property is located - the city or the unincorporated area. The tax rates shown for taxing agencies with account numbers 1 through 40000 are applied to the net value shown on the tax rolls; account numbers in the 60000 series are applied to the value of land only; account numbers in the 70000 series are applied to the value of land and improvements.

Due Dates of Property Taxes

Unsecured taxes are due January 1 of each year and become delinquent after August 31.

Secured taxes are due in two installments. The first installment is due November 1, and is delinquent if not paid by December 10. The second installment is due February 1, and is delinquent if not paid by April 10.

Delinquent Taxes and Penalties

Taxes not paid by the due date are subject to penalties. The penalty for paying after the due date but before the close of the current fiscal year is 10% of the tax. Beginning July 1 of the subsequent fiscal year, a penalty of 1.5% of tax per month is added to the 10% penalty.

Mailing of Tax Bills

Regular secured tax bills are mailed by the Tax Collector by November 1 of each year to taxpayers at addresses furnished from the records of the Assessor. Unsecured tax bills are mailed by July 1 of each year to taxpayers at addresses furnished from the records of the Assessor. It is the responsibility of the property owner to pay taxes whether or not a tax bill is received. All changes or corrections of the mailing address, errors, or omissions of names and addresses should be made in writing and addressed to the County Assessor at 70 West Hedding Street, San Jose, CA 95110.

Supplemental Tax Bills--Senate Bill 813 (SB813)

In July 1983, the State of California enacted Senate Bill 813, which requires the Assessor to reassess the value of real estate when there is a change of ownership or new construction.

The Tax Collector is required to issue supplemental tax bills for the change in assessed value of the property. Supplemental tax bills are in addition to the regular secured tax bills. Due dates of a supplemental bill depend on the date the bills are mailed.

*SBE - State Board of Equalization

**HOPTR - Home Owner Property Tax Relief

****Beginning in Fiscal Year 1988-89, Chapter 921 of the Statutes of 1987 requires the establishment of a single Countywide tax area for the assignment of the assessed value of certain types of State-assessed utility property and sets forth formulas for the determination of Countywide tax rates for this particular type of property. This statute also spells out how to distribute the taxes which have been collected from the bills derived from this value and specified tax rate.

* Tax bills decreased by 78,741 from 1995/96 to 1996/97 due a Special Assessment Project that allows up to 18 S/A, thus eliminating over-flow bills.
** The large increase in the number of bills is mainly due to the reallocation of leased equipment resulting in approximately 22,000 leased equipment bills.
*** The minimum value to assess was increased to \$2,000 from \$400 resulting in fewer bills. Approximately 5,800 leased equipment bills were produced.
